Country Snapshot

Vulnerability to modern slavery

How vulnerable a country's people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability, Tunisia is rated as 48 and has below average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

Vulnerability of Tunisia to modern slavery by dimension, compared to the regional average

Government response to modern slavery

The government of Tunisia scored 47 out of 100 in their response to modern slavery. This places the government's response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on addressing risk factors of modern slavery and the least action on addressing risk in government and business supply chains.
