Country Snapshot

## Vulnerability to modern slavery

How vulnerable a country’s people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, Peru is rated as 47 and has above average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

Vulnerability of Peru to modern slavery by dimension, compared to the regional average

## Government response to modern slavery

The government of Peru scored 55 out of 100 in their response to modern slavery. This places the government’s response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on effective criminal justice mechanisms and least action on addressing risk in government and business supply chains.

Government of Peru’s responses to modern slavery by milestone, compared with the regional average

### Priority Recommendations for the government of Peru

1

Criminalise commercial sexual exploitation of children in line with international conventions.

2

Increase the legal age of marriage for males and females to 18 years without exceptions.

3

Ensure support services are available for all victims of modern slavery, regardless of gender, age, nationality, or sexuality.
