Country Snapshot

## Vulnerability to modern slavery

How vulnerable a country's people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, Bosnia and Herzegovina is rated as 36 and has above average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

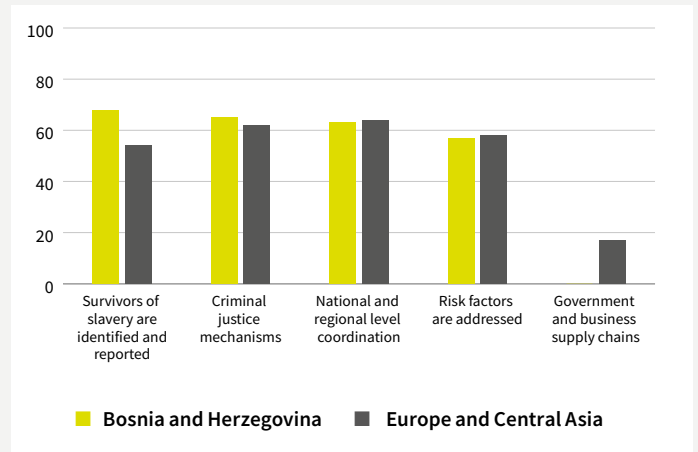

**Figure 3.** Vulnerability of Bosnia and Herzegovina to modern slavery by dimension of vulnerability, compared to the regional average

## Government response to modern slavery

The government of Bosnia and Herzegovina scored 58 out of 100 in their response to modern slavery. This places the government's response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on identification and support of survivors and the least action on addressing risk in government and business supply chains.
