Country Snapshot

Vulnerability to modern slavery
How vulnerable a country’s people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, Croatia is rated as 30 and has above average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

Vulnerability of Croatia to modern slavery by dimension of vulnerability, compared to the regional average

Government response to modern slavery
The government of Croatia scored 59 out of 100 in their response to modern slavery. This places the government’s response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on national and regional coordination of the response to modern slavery and the least action on addressing risk in government and business supply chains.

Response of the government of Croatia to modern slavery by government response milestone, compared with the regional average

Priority Recommendations for the government of Croatia:

1. Criminalise forced labour in line with international conventions.
2. Criminalise commercial sexual exploitation of children in line with international conventions.
3. Increase the legal age of marriage for males and females to 18 years without exceptions.
