Country Snapshot

Vulnerability to modern slavery

How vulnerable a country's people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, the level of inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, France is rated as 13 and has below average vulnerability for the region. Vulnerability is highest in terms of effects of conflict.

Figure 3. Vulnerability of France to modern slavery by dimension of vulnerability, compared to the regional average

Government response to modern slavery

The government of France scored 62 out of 100 in their response to modern slavery. This places the government's response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on national and regional coordination of the response to modern slavery and the least action on addressing risk in government and business supply chains.

Importing risk of modern slavery

France imported US \$11.8 billion worth of goods at-risk of modern slavery. This includes:

Priority Recommendations for the government of France:

- 1 Increase the legal age of marriage for males and females to 18 years without exceptions.
- 2 Ensure support services are available for all victims of modern slavery, regardless of gender, age, nationality, or sexuality.
- 3 Enact legislation recognising that victims should not be treated as criminals for conduct that occurred while under control of their exploiter and ensure the law is enforced.
