Country Snapshot

Vulnerability to modern slavery

How vulnerable a country's people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, Italy is rated as 22 and has below average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

Figure 3. Vulnerability of Italy to modern slavery by dimension of vulnerability, compared to the regional average

Government response to modern slavery

The government of Italy scored 59 out of 100 in their response to modern slavery. This places the government's response above the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on addressing the risk factors of modern slavery and the least action on addressing risk in government and business supply chains.

Figure 4. Response of the government of Italy to modern slavery by government response milestone, compared with the regional average

Importing risk of modern slavery

Italy imported US \$10.9 billion worth of goods at-risk of modern slavery. This includes:

Priority Recommendations for the government of Italy:

- 1 Increase the legal age of marriage for males and females to 18 years without exceptions.
- 2 Ensure support services are available for all victims of modern slavery, regardless of gender, age, nationality, or sexuality.
- 3 Enact mandatory due diligence legislation which includes right of action for victims of modern slavery crimes.
