Vulnerability to modern slavery

How vulnerable a country's people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, the level of inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability to modern slavery, Ukraine is rated as 48 and has above average vulnerability for the region. Vulnerability is highest in terms of disenfranchised groups.

Government response to modern slavery

The government of Ukraine scored 51 out of 100 in their response to modern slavery. This places the government's response below the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on identification and support of survivors and the least action on addressing risk in government and business supply chains.

Response of the government of Ukraine to modern slavery by government response milestone, compared with the regional average

Priority Recommendations for the government of Ukraine:

- 1 Criminalise forced labour in line with international conventions.
- 2 Criminalise commercial sexual exploitation of children in line with international conventions.
- 3 Increase the legal age of marriage for males and females to 18 years without exceptions.
